Requirements for class attendance and make-up exams, assignments, and other work in this course are consistent with university policies. Click here to read the university attendance policies:

<https://catalog.ufl.edu/UGRD/academic-regulations/attendance-policies/>

Attendance Policy

- The class has no attendance policy. Students are expected to attend.
- Absences may be excused with appropriate documentation.
- **Make-up Policy:** Instructor notifications are required in all circumstances. See <https://care.dso.ufl.edu/instructor-notifications>. Note that, "Instructors have the right to accept or reject the Instructor Notification."
- **No quiz make-ups are permitted.** If an excused absence occurs on a quiz day, then that quiz will be omitted from the student's total quiz score. Unexcused quizzes receive zero.

Class Expectations

- The student is solely responsible for their education. The instructor is the guide to their understanding of the field.
- Cell phones, laptops, etc.: **under no circumstances will disruptions from electronic devices be tolerated. Students are expected to take either handwritten notes with pen/pencil and paper, or electronic notes with stylus and tablet.**
- **Electronic notes must be printed out if used as reference material on examinations.**
- Respect and disruption: the instructor and students will be respectful at all times. Classroom disruption of any kind will not be tolerated.
- **The principles of the Honor Code must be adhered to at all times.** Individual effort is required on homework assignments, quizzes, and exams. Groups will be treated as individuals for projects. UF students are bound by the Honor Pledge which states, "We, the members of the University of Florida community, pledge to hold ourselves and our peers to the highest standards of honor and integrity by abiding by the Honor Code." On all work submitted for credit, the following statement is either required or implied:

On my honor, I have neither given nor received unauthorized aid in doing this homework/quiz/report/exam.

The Conduct Code (<https://sccr.dso.ufl.edu/process/student-conduct-code/>) specifies a number of behaviors that are in violation of this code and the possible sanctions. You are obligated to report any academic misconduct to appropriate personnel. If you have any questions or concerns, please consult with the instructor or TA.

Course Zero-Tolerance Policy: Any violation or suspected violation of the Honor Code by a student may result in that student receiving a grade of E for the course.

Homework

The purpose of homework is to learn and understand the material. **Students are responsible for performing and understanding the homework problems and solutions on their own.**

Software and Copyrighted Material Use

All faculty, staff, and students of the University are required and expected to obey the laws and legal agreements governing the use of software and the use of copyrighted material. Failure to do so can lead to monetary damages and/or criminal penalties for the individual violator. Because such violations are also against University policies and rules, disciplinary action will be taken as appropriate. We, the members of the UF community, pledge to uphold ourselves and our peers to the highest standards of honesty and integrity.

Quizzes and Exams

All quizzes are closed-book, closed-notes, closed-electronic devices. A scientific calculator (that is **not** your cell phone or laptop) will be permitted. **All exams are open-book, open-notes, closed-electronic devices except for a scientific calculator.**

Honorlock: Consistent with UF policy, Honorlock may be used for course assessments and will be confirmed by the instructor in advance. Please see <https://distance.ufl.edu/proctoring/> for more information.

Students Requiring Accommodations

Students with disabilities who experience learning barriers and would like to request academic accommodations should connect with the Disability Resource Center (<https://disability.ufl.edu/students/get-started/>). Students should share their accommodation letter with their instructor and discuss their access needs as early as possible in the semester.

HyFlex Course Delivery

To account for the ongoing COVID-19 pandemic, HyFlex technology that includes the Zoom videoconferencing platform will permit the instructor to interact with students who are face-to-face and online at the same time. Course delivery updates will be provided by the instructor. Lecture recordings may be made (see below).

Commitment to a Safe and Inclusive Learning Environment

The Herbert Wertheim College of Engineering values broad diversity within our community and is committed to individual and group empowerment, inclusion, and the elimination of discrimination. It is expected that every person in this class will treat one another with dignity and respect regardless of gender, sexuality, disability, age, socioeconomic status, ethnicity, race, and culture.

If you feel like your performance in class is being impacted by discrimination or harassment of any kind, please contact your instructor or any of the following:

- Your academic advisor or Undergraduate Program Coordinator, advising@mae.ufl.edu
- Jennifer Nappo, Director of Human Resources, 352-392-0904, jpennacc@ufl.edu
- Curtis Taylor, Associate Dean of Student Affairs, 352-392-2177, taylor@eng.ufl.edu

Student Privacy

There are federal laws protecting your privacy with regards to grades earned in courses and on individual assignments. For more information, please see: <https://registrar.ufl.edu/ferpa.html>

Instructor-Initiated Course Recording

Lectures and office hours may be audio visually recorded by the instructor or TA for students who are unable to attend live, and for student reference. Online students who participate with their camera engaged or who

utilize a profile image are agreeing to have their video or image recorded. If you are unwilling to have your video or profile image recorded, ensure that your camera is off and that you do not use a profile image.

Likewise, online students who un-mute themselves to orally participate during class are agreeing to have their voices recorded. If you are unwilling to have your voice recorded, ensure that your mute button is activated and that you communicate exclusively using the "chat" feature, which allows students to type questions and comments live. The chat will not be recorded or shared. Similar to the above, in-class students who orally participate are also agreeing to have their voices recorded.

In-Class Recording

Students are allowed to record video or audio of class lectures. However, the purposes for which these recordings may be used are strictly controlled. The only allowable purposes are (1) for personal educational use, (2) in connection with a complaint to the university, or (3) as evidence in, or in preparation for, a criminal or civil proceeding. All other purposes are prohibited. Specifically, students may not publish recorded lectures without the written consent of the instructor.

A "class lecture" is an educational presentation intended to inform or teach enrolled students about a particular subject, including any instructor-led discussions that form part of the presentation, and delivered by any instructor hired or appointed by the University, or by a guest instructor, as part of a University of Florida course. A class lecture does not include lab sessions, student presentations, clinical presentations such as patient history, academic exercises involving solely student participation, assessments (quizzes, tests, exams), field trips, private conversations between students in the class or between a student and the faculty or lecturer during a class session.

Publication without permission of the instructor is prohibited. To "publish" means to share, transmit, circulate, distribute, or provide access to a recording, regardless of format or medium, to another person (or persons), including but not limited to another student within the same class section. Additionally, a recording, or transcript of a recording, is considered published if it is posted on or uploaded to, in whole or in part, any media platform, including but not limited to social media, book, magazine, newspaper, leaflet, or third party note/tutoring services. A student who publishes a recording without written consent may be subject to a civil cause of action instituted by a person injured by the publication and/or discipline under UF Regulation 4.040 Student Honor Code and Student Conduct Code.

Evaluation of Grades and Grading Policy

Information on the UF grading policy is available at:

<https://catalog.ufl.edu/ugrad/current/regulations/info/grades.aspx>

Evaluation Mechanism on a Percent Basis

Homeworks (7)	12%
Quizzes (4)	8%
Project	10%
Midterm Exam	35%
Final Exam	35%

Homework

Students will submit solutions of the homework problems only via the course website. Students who turn in homework before the due date and time will have their homework graded. Not all homework problems may be graded, and a selection of problems may be randomly chosen for grading after the homework due date and time. Submitted homework that is partially- or fully-missing solutions to these chosen problems will not be eligible for partial or any credit for those problems, respectively, even if other non-chosen homework problems were completed. **Grading will be on correctness.** It is the student's responsibility to check their solutions against posted homework solutions.

Exams

All students are expected to take all exams. If a student is unable to take an exam for unforeseeable reasons, then the instructor and student will jointly determine a resolution upon acceptable DSO notification.

Final Grade

Final grades may be calculated by the following table. %GE are rounded to the hundredths decimal place. Shifts in the grading table are at instructor discretion.

Table 1. Grading Table. %GE = Percent Grade Earned.

Percentage Range	Grade Point
$92.00 \leq \%GE < 100.00 \implies A$	4.00
$88.00 \leq \%GE < 92.00 \implies A-$	3.67
$85.00 \leq \%GE < 88.00 \implies B+$	3.33
$81.00 \leq \%GE < 85.00 \implies B$	3.00
$78.00 \leq \%GE < 81.00 \implies B-$	2.67
$74.00 \leq \%GE < 78.00 \implies C+$	2.33
$71.00 \leq \%GE < 74.00 \implies C$	2.00
$67.00 \leq \%GE < 71.00 \implies C-$	1.67
$64.00 \leq \%GE < 67.00 \implies D+$	1.33
$61.00 \leq \%GE < 64.00 \implies D$	1.00
$60.00 \leq \%GE < 61.00 \implies D-$	0.67
$00.00 \leq \%GE < 60.00 \implies E$	0.00

Grade Corrections

Grade corrections should be submitted promptly in writing within three business days of the grade posting. Include a concise statement of why you believe that there has been an error. The instructor has the final determination in the assigned grade; if a grade change is made, the grade may be lower or higher.
