

Control of Mechanical Engineering Systems

EML 4312 Section 6004

Spring 2023

MWF, Period 7, 1:55 – 2:45 pm

MCCB 2102

Modifications to this syllabus may be required during the semester. Any changes will be posted on Canvas.

Instructor:

Jane Shin, Ph.D., Assistant Professor, Mechanical and Aerospace Engineering Department

Email: jane.shin@ufl.edu

Office Hours: MW 3 – 4 pm, MAE-B 224; or via confirmed written appointment

Teaching Assistant:

Ishan Agrawal (email: ishan.agrawal@ufl.edu; office hours: WR 5 – 6 pm, MAE-B 237)

Baker Herrin (email: eherrin@ufl.edu)

Course Description

Theory, analysis and design of control systems, including mechanical, electromechanical, hydraulic, pneumatic, and thermal components and systems. (Credit: 3)

Course Pre-Requisites / Co-Requisites

EGM 3401 (Engineering Mechanics –Dynamics), EGM 3344 (Introduction to Numerical Methods of Engineering Analysis), and MAP 2302 (Elementary Differential Equations) with minimum grades of C.

Course Objectives

By the end of this course, you should be able to do the following:

- Write differential equations describing the behavior of engineering systems.
- Use the Laplace transform to describe the transfer function of engineering systems and determine the time domain response to a wide range of inputs.
- Use state-variable equations to model engineering systems and determine their time response to a wide range of inputs.
- Describe the advantages of feedback control.
- Analyze the performance of control systems.
- Determine the stability of control systems using root locus and Bode methods.
- Design feedback control systems using frequency domain, root locus and state-variable methods.

Materials and Supply Fees

None.

Textbooks and Software

- *No textbook is required.* A couple of optional textbooks are listed below. No reading or problems will be assigned from these optional textbooks.
- (Required) MATLAB, any release since 2014 with Control System Toolbox.
- (Optional) Richard C. Dorf and Robert H. Bishop, “Modern Control Systems,” Pearson.
- (Optional) Gene F. Franklin, et. al., “Feedback Control of Dynamic Systems,” Pearson
- (Optional) Karl Johan Åström and Richard M. Murray, “Feedback Systems: An Introduction for Scientists and Engineers Book,” Princeton University Press

Important Dates

- Exam 1: Friday, February 24st (in-class, in-person)
- Exam 2: Wednesday, April 5th (in-class, in-person)
- Final Exam: Thursday, May 4th (in-person, 10:00 AM – 12:00 PM)

Course Schedule, Approximately by Lecture Number

No.	Topics	Dorf&Bishop
1	Introduction to Systems	Ch. 1, 2.1, 2.2
2	Linearity, Linearization, Linear Systems	Ch. 2.3
3	Laplace Transforms	Ch. 2.4
4	Transfer Functions and Block Diagrams	Ch. 2.5, 2.6
<i>Approximate End of Coverage for Homework #1 (Due Wednesday, Jan. 25)</i>		
5	Impulse Response	Ch. 5.1, 5.2
6	First-order Systems	Ch. 2.8
7-8	Second-order Systems	Ch. 5.3
<i>Approximate End of Coverage for Homework #2 (Due Wednesday, Feb. 1)</i>		
9-10	Stability	Ch. 2.4, 2.9
11	Transient Analysis	Ch. 2.4, 5.3, 5.5
12-13	Reference Tracking	Ch. 5.6
<i>Approximate End of Coverage for Homework #3 (Due Wednesday, Feb. 15)</i>		
14-15	PID Control	Ch. 7.6
16	Routh-Hurwitz Stability Criterion	Ch. 6.1, 6.2
<i>Approximate End of Coverage for Homework #4 (Due Wednesday, Feb. 22)</i>		
<i>Approximate End of Coverage for Exam 1 Exam 2 is on Friday, February 24st (in-class)</i>		
17-19	Root Locus Introduction and Rules	Ch. 7.1-4, 7.6, 7.11
<i>Approximate End of Coverage for Homework #5 (Due Wednesday, Mar. 8)</i>		
20-22	Introduction to Bode Plots and Rules for Drawing	Ch. 8.1, 8.2
23	Bode Plot Examples	Ch. 8.2
<i>Approximate End of Coverage for Homework #6 (Due Wednesday, Mar. 29)</i>		
24-25	Converting Bode Plots to Transfer Functions	Ch. 8.3, 8.9
26-27	Gain and Phase Margin	Ch. 8.6, 8.7
<i>Approximate End of Coverage for Exam 2 Exam 3 is on Wednesday, April 5th (in-class)</i>		
28	Introduction to State Space	Ch. 9.1-4
29	Review of Linear Algebra	App. E, Ch. 3.6, 3.7, 3.9
30	Stability in State Space	Ch. 6.4
31	Controllability	Ch. 11.1, 11.2
32	Solutions in State Space	Ch. 11.2
<i>Approximate End of Coverage for Homework #7 (Due Wednesday, Apr. 26)</i>		
33	State Space Motor Control	
34	State Space Robot Control	
35	Review for Final Exam	Ch. 11.4

Attendance Policy

Regular class attendance (in-person) is required. The attendance will be checked through Qualtrics survey during each lecture. Students are required to bring a device where they can access a website link via a QR code to submit their response.

Exam Make-Up Policy

Instructor notifications are required. See <https://care.dso.ufl.edu/instructor-notifications>. Note that, “Professors have the right to accept or reject the notification.”

Exam Policy

All exams are open-book, open-notes, open-electronic devices. However, *students must complete the exam independently; working together on exams is forbidden and considered cheating.* Posting any portion of an exam online is also forbidden and considered cheating.

Honorlock

Consistent with UF policy, Honorlock may be used for course assessments and will be confirmed by the instructor in advance. Please see <https://distance.ufl.edu/proctoring/> for more information.

Cheating

All instances of cheating will be referred to Honor Court. Anyone found to have cheated will receive an E grade for the course.

Evaluation of Grades

Assignment	Percentage of Final Grade
Participation	15%
Homework	30%
Exam 1	15%
Exam 2	15%
Final Exam	25%

Grading Policy

Participation

Participation is graded only based on attendance. Students will get full points if they miss less than or equal to 5 lectures. 0.5% of the final grade will be deducted per each absence afterward.

Homework

Homework submissions must only be submitted through Canvas. The lowest score in homework will be dropped in the final grade. Since the homework solutions are released right after the submission deadline, late homework are NOT accepted under any circumstances.

Exams

All students are expected to take all exams. If a student is unable to take an exam for unforeseeable reasons, then the instructor will schedule an alternative option if an appropriate instructor notification is accepted.

Grade Corrections

Corrections of grades should be submitted promptly within 3 business days of the grade posting in writing with a concise statement of why you believe there has been an error. Note that the instructor has the final determination in the grade assigned.

Final Grade

Students are guaranteed to earn the grade point shown in the table based on their percent earned grade. For example, if a student earns 88.60% (Percent Grade Earned %GE =

88.60) then their grade point will be 3.33 (B+). %GE are rounded to the hundredths decimal place. For example, if a student earns 79.995% (Percent Grade Earned %GE = 79.995) it will be rounded up to 80.00%, and their grade will be 2.67 (B-). Higher grades can be assigned if the class is curved.

Percent Range	Grade	Grade Points
$94.00 \leq \%GE < 100.00$	A	4.00
$90.00 \leq \%GE < 94.00$	A-	3.67
$87.00 \leq \%GE < 90.00$	B+	3.33
$84.00 \leq \%GE < 87.00$	B	3.00
$80.00 \leq \%GE < 84.00$	B-	2.67
$77.00 \leq \%GE < 80.00$	C+	2.33
$74.00 \leq \%GE < 77.00$	C	2.00
$70.00 \leq \%GE < 74.00$	C-	1.67
$67.00 \leq \%GE < 70.00$	D+	1.33
$64.00 \leq \%GE < 67.00$	D	1.00
$61.00 \leq \%GE < 64.00$	D-	0.67
$0.00 \leq \%GE < 61.00$	E	0.00

More information on UF grading policy may be found at:

<https://catalog.ufl.edu/UGRD/academic-regulations/grades-grading-policies/>

Students Requiring Accommodations

Students with disabilities who experience learning barriers and would like to request academic accommodations should connect with the disability Resource Center by visiting <https://disability.ufl.edu/students/get-started/>. It is important for students to share their accommodation letter with their instructor and discuss their access needs, as early as possible in the semester.

Course Evaluation

Students are expected to provide professional and respectful feedback on the quality of instruction in this course by completing course evaluations online via GatorEvals. Guidance on how to give feedback in a professional and respectful manner is available at <https://gatorevals.aa.ufl.edu/students/>. Students will be notified when the evaluation period opens, and can complete evaluations through the email they receive from GatorEvals, in their Canvas course menu under GatorEvals, or via <https://ufl.bluera.com/ufl/>. Summaries of course evaluation results are available to students at <https://gatorevals.aa.ufl.edu/public-results/>.

In-Class Recording

Students are allowed to record video or audio of class lectures. However, the purposes for which these recordings may be used are strictly controlled. The only allowable purposes are (1) for personal educational use, (2) in connection with a complaint to the university, or (3) as evidence in, or in preparation for, a criminal or civil proceeding. All other purposes are prohibited. Specifically, students may not publish recorded lectures without the written consent of the instructor.

A “class lecture” is an educational presentation intended to inform or teach enrolled students about a particular subject, including any instructor-led discussions that form part of the

presentation, and delivered by any instructor hired or appointed by the University, or by a guest instructor, as part of a University of Florida course. A class lecture does not include lab sessions, student presentations, clinical presentations such as patient history, academic exercises involving solely student participation, assessments (quizzes, tests, exams), field trips, private conversations between students in the class or between a student and the faculty or lecturer during a class session.

Publication without permission of the instructor is prohibited. To “publish” means to share, transmit, circulate, distribute, or provide access to a recording, regardless of format or medium, to another person (or persons), including but not limited to another student within the same class section. Additionally, a recording, or transcript of a recording, is considered published if it is posted on or uploaded to, in whole or in part, any media platform, including but not limited to social media, book, magazine, newspaper, leaflet, or third party note/tutoring services. A student who publishes a recording without written consent may be subject to a civil cause of action instituted by a person injured by the publication and/or discipline under UF Regulation 4.040 Student Honor Code and Student Conduct Code.

University Honesty Policy

UF students are bound by The Honor Pledge which states, “We, the members of the University of Florida community, pledge to hold ourselves and our peers to the highest standards of honor and integrity by abiding by the Honor Code. On all work submitted for credit by students at the University of Florida, the following pledge is either required or implied: “On my honor, I have neither given nor received unauthorized aid in doing this assignment.” The Conduct Code (<https://sccr.dso.ufl.edu/process/student-conduct-code/>) specifies a number of behaviors that are in violation of this code and the possible sanctions. If you have any questions or concerns, please consult with the instructor or TAs in this class.

Commitment to a Safe and Inclusive Learning Environment

The Herbert Wertheim College of Engineering values broad diversity within our community and is committed to individual and group empowerment, inclusion, and the elimination of discrimination. It is expected that every person in this class will treat one another with dignity and respect regardless of gender, sexuality, disability, age, socioeconomic status, ethnicity, race, and culture.

If you feel like your performance in class is being impacted by discrimination or harassment of any kind, please contact your instructor or any of the following:

- Your academic advisor or Graduate Program Coordinator
- Jennifer Nappo, Director of Human Resources, 352-392-0904, jpennacc@ufl.edu
- Curtis Taylor, Associate Dean of Student Affairs, 352-392-2177, taylor@eng.ufl.edu
- Toshikazu Nishida, Associate Dean of Academic Affairs, 352-392-0943, nishida@eng.ufl.edu

Software Use

All faculty, staff, and students of the University are required and expected to obey the laws and legal agreements governing software use. Failure to do so can lead to monetary damages and/or criminal penalties for the individual violator. Because such violations are also against University policies and rules, disciplinary action will be taken as appropriate. We, the members of the University of Florida community, pledge to uphold ourselves and our peers to the highest standards of honesty and integrity.

Student Privacy

There are federal laws protecting your privacy with regards to grades earned in courses and on individual assignments. For more information, please see: <https://registrar.ufl.edu/ferpa.html>

Campus Resources:

Health and Wellness

U Matter, We Care:

Your well-being is important to the University of Florida. The U Matter, We Care initiative is committed to creating a culture of care on our campus by encouraging members of our community to look out for one another and to reach out for help if a member of our community is in need. If you or a friend is in distress, please contact umatter@ufl.edu so that the U Matter, We Care Team can reach out to the student in distress. A nighttime and weekend crisis counselor is available by phone at 352-392-1575. The U Matter, We Care Team can help connect students to the many other helping resources available including, but not limited to, Victim Advocates, Housing staff, and the Counseling and Wellness Center. Please remember that asking for help is a sign of strength. In case of emergency, call 9-1-1.

Counseling and Wellness Center: <https://counseling.ufl.edu>, and 392-1575; and the University Police Department: 392-1111 or 9-1-1 for emergencies.

Sexual Discrimination, Harassment, Assault, or Violence

If you or a friend has been subjected to sexual discrimination, sexual harassment, sexual assault, or violence contact the [Office of Title IX Compliance](#), located at Yon Hall Room 427, 1908 Stadium Road, (352) 273-1094, title-ix@ufl.edu

Sexual Assault Recovery Services (SARS)

Student Health Care Center, 392-1161.

University Police Department at 392-1111 (or 9-1-1 for emergencies), or <http://www.police.ufl.edu/>.

COVID-19

- You are expected to wear approved face coverings at all times during class and within buildings even if you are vaccinated.
- If you are sick, stay home and self-quarantine. Please visit the UF Health Screen, Test & Protect website about next steps, retake the questionnaire and schedule your test for no sooner than 24 hours after your symptoms began. Please call your primary care provider if you are ill and need immediate care or the UF Student Health Care Center at 352-392-1161 (or email covid@shcc.ufl.edu) to be evaluated for testing and to receive further instructions about returning to campus.
- If you are withheld from campus by the Department of Health through Screen, Test & Protect, you are not permitted to use any on campus facilities. Students attempting to attend campus activities when withheld from campus will be referred to the Dean of Students Office.
- UF Health Screen, Test & Protect offers guidance when you are sick, have been exposed to someone who has tested positive or have tested positive yourself. Visit the [UF Health Screen, Test & Protect website](#) for more information.
- Please continue to follow healthy habits, including best practices like frequent hand washing. Following these practices is our responsibility as Gators.
