

Computational Methods for Design and Manufacturing

EML 5045, Section 3586

Class Periods: MWF, 5th Period

Location: MAEA 303

Academic Term: Spring 2023

Instructor:

Ashok V. Kumar

Email Address: akumar@ufl.edu

Office Phone Number: 352-392-0816

Office Hours: MWF 9:30-10:30am, MAE-A 214

Course Description

3 Credits - Object oriented programming, theory, algorithms and methodology for geometric and solid modeling, feature-based design, and parametric models. Applications to product design, engineering analysis and manufacturing.

Course Pre-Requisites / Co-Requisites

EML2023 or equivalent.

Course Objectives

The objective of this course is to teach the fundamentals of computational and software development methods. Advanced programming concepts such as object-oriented programming will be taught using Java, with applications to engineering. The course will expose the students to the geometric modeling fundamentals, including parametric representation of curves and surfaces, differential geometry, solid model representation and feature based modeling. Other computational topics such as numerical methods and computer graphics will also be covered.

The outline of the course is as follows:

- I. Background
 - a) Introduction
 - b) Interactive Development Environment (IDE)
- II. Java programming language
 - a) Review of language syntax
 - b) Basic programming structures
- III. Objects and Classes
 - a) Introduction to object-oriented programming
 - b) Data encapsulation
 - c) Polymorphism
- IV. Graphical User Interface (GUI) development
 - a) Graphical programming
 - b) Frames, panels, buttons, and other components
 - c) Graphical application development
- V. Geometric & Solid Modeling
 - a) Boundary Representation
 - b) Boolean operations
 - c) Differential Geometry
 - d) Analytical Curves
 - e) Bezier and B-spline curves
 - f) Analytical Surfaces

- g) B-spline surfaces
- VI. Introduction to Computer Graphics
- VII. Applications to design and manufacturing

Recommended Textbooks and Software

Textbook: Java Tutorial: <https://docs.oracle.com/javase/tutorial/>

Software:

- Java Development Kit (JDK) and IntelliJ IDE
- SolidWorks
- Onshape

Reference Materials

- Core Java – Volume I, 10th edition by Cay S. Horstmann Publisher: Prentice Hall.
- Principles of CAD/CAM/CAE, by Kunwoo Lee, Prentice Hall; ISBN-10: 0201380366.
- Mathematical Elements for Computer Graphics, by David Rogers and Alan Adams, McGrawHill.
- Curves and Surfaces for CAGD, Fifth Edition, by Gerald Farin, Morgan Kaufmann publishers.

Attendance Policy, Class Expectations, and Make-Up Policy

You are expected to attend all classes. Excused absences must be consistent with university policies in the Graduate Catalog (<https://catalog.ufl.edu/graduate/regulations>) and require appropriate documentation. Additional information can be found here: <https://catalog.ufl.edu/UGRD/academic-regulations/attendance-policies/>

If you have an excused absence, it is your responsibility to learn the material on your own and be aware of any in class announcements. Late assignments will receive 75% credit if submitted within the time allowed for late submission by the e-learning system and will not be graded thereafter (if submitted by email or other means). Make up exams will be given for students with medical reasons for missing the exam. Documentation in the form of a doctor’s note must be provided for make-up exams and homework.

Evaluation of Grades

Assignment	Percentage of Final Grade
Homework	50%
Projects	50%
	100%

Grading Policy

The following is given as an example only.

Percent	Grade	Grade Points
93 - 100	A	4.00
90 - 93	A-	3.67
87 - 90	B+	3.33
83 - 87	B	3.00
80 - 83	B-	2.67
77 - 80	C+	2.33
73 - 77	C	2.00
70 - 73	C-	1.67
67 - 70	D+	1.33
63 - 67	D	1.00

60 - 63	D-	0.67
0 - 60	E	0.00

Students Requiring Accommodations

Students with disabilities who experience learning barriers and would like to request academic accommodations should connect with the disability Resource Center by visiting <https://disability.ufl.edu/students/get-started/>. It is important for students to share their accommodation letter with their instructor and discuss their access needs, as early as possible in the semester.

Course Evaluation

Students are expected to provide professional and respectful feedback on the quality of instruction in this course by completing course evaluations online via GatorEvals. Guidance on how to give feedback in a professional and respectful manner is available at <https://gatorevals.aa.ufl.edu/students/>. Students will be notified when the evaluation period opens, and can complete evaluations through the email they receive from GatorEvals, in their Canvas course menu under GatorEvals, or via <https://ufl.bluera.com/ufl/>. Summaries of course evaluation results are available to students at <https://gatorevals.aa.ufl.edu/public-results/>.

In-Class Recording

Students are allowed to record video or audio of class lectures. However, the purposes for which these recordings may be used are strictly controlled. The only allowable purposes are (1) for personal educational use, (2) in connection with a complaint to the university, or (3) as evidence in, or in preparation for, a criminal or civil proceeding. All other purposes are prohibited. Specifically, students may not publish recorded lectures without the written consent of the instructor.

A “class lecture” is an educational presentation intended to inform or teach enrolled students about a particular subject, including any instructor-led discussions that form part of the presentation, and delivered by any instructor hired or appointed by the University, or by a guest instructor, as part of a University of Florida course. A class lecture does not include lab sessions, student presentations, clinical presentations such as patient history, academic exercises involving solely student participation, assessments (quizzes, tests, exams), field trips, private conversations between students in the class or between a student and the faculty or lecturer during a class session.

Publication without permission of the instructor is prohibited. To “publish” means to share, transmit, circulate, distribute, or provide access to a recording, regardless of format or medium, to another person (or persons), including but not limited to another student within the same class section. Additionally, a recording, or transcript of a recording, is considered published if it is posted on or uploaded to, in whole or in part, any media platform, including but not limited to social media, book, magazine, newspaper, leaflet, or third-party note/tutoring services. A student who publishes a recording without written consent may be subject to a civil cause of action instituted by a person injured by the publication and/or discipline under UF Regulation 4.040 Student Honor Code and Student Conduct Code.

University Honesty Policy

UF students are bound by The Honor Pledge which states, “We, the members of the University of Florida community, pledge to hold ourselves and our peers to the highest standards of honor and integrity by abiding by the Honor Code. On all work submitted for credit by students at the

University of Florida, the following pledge is either required or implied: “On my honor, I have neither given nor received unauthorized aid in doing this assignment.” The Honor Code (<https://sccr.dso.ufl.edu/process/student-conduct-code/>) specifies a number of behaviors that are in violation of this code and the possible sanctions. Furthermore, you are obligated to report any condition that facilitates academic misconduct to appropriate personnel. If you have any questions or concerns, please consult with the instructor or TAs in this class.

Commitment to a Safe and Inclusive Learning Environment

The Herbert Wertheim College of Engineering values broad diversity within our community and is committed to individual and group empowerment, inclusion, and the elimination of discrimination. It is expected that every person in this class will treat one another with dignity and respect regardless of gender, sexuality, disability, age, socioeconomic status, ethnicity, race, and culture.

If you feel like your performance in class is being impacted by discrimination or harassment of any kind, please contact your instructor or any of the following:

- Your academic advisor or Graduate Program Coordinator
- Jennifer Nappo, Director of Human Resources, 352-392-0904, jpennacc@ufl.edu
- Curtis Taylor, Associate Dean of Student Affairs, 352-392-2177, taylor@eng.ufl.edu
- Toshikazu Nishida, Associate Dean of Academic Affairs, 352-392-0943, nishida@eng.ufl.edu

Software Use

All faculty, staff, and students of the University are required and expected to obey the laws and legal agreements governing software use. Failure to do so can lead to monetary damages and/or criminal penalties for the individual violator. Because such violations are also against University policies and rules, disciplinary action will be taken as appropriate. We, the members of the University of Florida community, pledge to uphold ourselves and our peers to the highest standards of honesty and integrity.

Student Privacy

There are federal laws protecting your privacy with regards to grades earned in courses and on individual assignments. For more information, please see: <https://registrar.ufl.edu/ferpa.html>

Campus Resources:

Health and Wellness

U Matter, We Care:

Your well-being is important to the University of Florida. The U Matter, We Care initiative is committed to creating a culture of care on our campus by encouraging members of our community to look out for one another and to reach out for help if a member of our community is in need. If you or a friend is in distress, please contact umatter@ufl.edu so that the U Matter, We Care Team can reach out to the student in distress. A nighttime and weekend crisis counselor is available by phone at 352-392-1575. The U Matter, We Care Team can help connect students to the many other helping resources available including, but not limited to, Victim Advocates, Housing staff, and the Counseling and Wellness Center. Please remember that asking for help is a sign of strength. In case of emergency, call 9-1-1.

Counseling and Wellness Center: <https://counseling.ufl.edu>, and 392-1575; and the University Police Department: 392-1111 or 9-1-1 for emergencies.

Sexual Discrimination, Harassment, Assault, or Violence

If you or a friend has been subjected to sexual discrimination, sexual harassment, sexual assault, or violence contact the **Office of Title IX Compliance**, located at Yon Hall Room 427, 1908 Stadium Road, (352) 273-1094, title-ix@ufl.edu

Sexual Assault Recovery Services (SARS)

Student Health Care Center, 392-1161.

University Police Department at 392-1111 (or 9-1-1 for emergencies), or

<http://www.police.ufl.edu/>.

Academic Resources

E-learning technical support, 352-392-4357 (select option 2) or e-mail to Learning-support@ufl.edu. <https://lss.at.ufl.edu/help.shtml>.

Career Connections Center, Reitz Union, 392-1601. Career assistance and counseling; <https://career.ufl.edu>.
