Fluid Mechanics 1 EMG 6812 Class Periods: T 5-6 (11:45 am -1:40 pm) and R 6 (12:50 – 1:40 pm) Location: NEB 100 Academic Term: Fall 2023

Instructor:

Name: Kamran Mohseni <u>Email: Mohseni@ufl.edu</u> Please allow at least 48 hours for a response. Office Phone Number: 52-273-1834 Office Hours: Tuesdays and Thursdays 10:30-11:20am in room NEB 141

Teaching Assistant/Peer Mentor/Supervised Teaching Student:

No TA has been allocated to this course.

Course Description

This course is focused on basics of fluid dynamics, flow kinematics, conservation laws, vorticity transport, and ideal flows.

Course Pre-Requisites / Co-Requisites

Undergraduate level fluid mechanics. Students need to have a strong background in calculus and differential equations.

Course Objectives

The objectives of this course are to provide a fundamental understanding of the kinematics and dynamics of fluids, conservation laws, constitutive relationships (with a focus on Newtonian fluids), dimensional analysis, vorticity dynamics, inviscid flows, and some applications.

Materials and Supply Fees

NA

Required Textbooks and Software

There is no required textbook for this course. If you want to purchase a book, I suggest getting the book by Kundu. The course lectures should provide enough coverage of the required materials. However, you are required to read the related materials from at least one of the following references. Here are some recommended books

- P.K. Kundu, Cohen, and Rowling, Fluid Mechanics, 6th Ed.
- I.G. Currie, Fundamental Mechanics of Fluids
- G.K. Batchelor, Introduction to Fluid Mechanics
- R. L. Panton, Incompressible Flow
- F.M. White, Viscous Fluid Flow

Course Schedule

Tentative course schedule includes:

- Introductory materials, definitions, continuum concepts, terminology. 1 week
- Mathematical background: vector calculus, Cartesian 1-2 weeks
- Flow Kinematics: Lagrangian & Eulerian views, streamlines, streaklines, pathlines, smokelines, material derivatives, fluid acceleration. 1-2 weeks

- Integral Form of Conservation Laws: Reynolds transport theorem, conservation of mass, momentum and energy in integral form. 2-3 weeks
- Differential Form of Conservation Laws: Navier Stokes Equations, boundary conditions: 2 weeks
- Dimensional Analysis: Nondimensionalization, geometric, kinematic, and dynamic similarity. 1 week
- Vorticity Dynamics: Circulation, vorticity equation, Kelvin's theorem, Bernoulli equation: 1-2-weeks
- Ideal Flow: Bernoulli equation, potential flow 2 weeks week.

Attendance Policy, Class Expectations, and Make-Up Policy

Students are expected to attend the lectures. No cell phone use is allowed in the classroom. Excused absences must be consistent with university policies in the Graduate Catalog (<u>https://catalog.ufl.edu/graduate/regulations</u>) and require appropriate documentation. Additional information can be found here: <u>https://gradcatalog.ufl.edu/graduate/regulations/</u>

Evaluation of Grades

Midterm exam 35%, End of the term exam 35%, Homework 30%. Homework and assignments are due at the beginning of the lecture period on the due date. Note that HW sets will be collected and a random number of HW problems in each set will be graded. No late assignments will be accepted.

Grading Policy

Percent	Grade	Grade
		Points
93.4 - 100	Α	4.00
90.0 - 93.3	A-	3.67
86.7 - 89.9	B+	3.33
83.4 - 86.6	В	3.00
80.0 - 83.3	B-	2.67
76.7 - 79.9	C+	2.33
73.4 - 76.6	С	2.00
70.0 - 73.3	C-	1.67
66.7 - 69.9	D+	1.33
63.4 - 66.6	D	1.00
60.0 - 63.3	D-	0.67
0 - 59.9	Е	0.00

The following is given as an example only.

More information on UF grading policy may be found at: <u>UF Graduate Catalog</u> <u>Grades and Grading Policies</u>

Students Requiring Accommodations

Students with disabilities who experience learning barriers and would like to request academic accommodations should connect with the disability Resource Center by visiting <u>https://disability.ufl.edu/students/get-started/</u>. It is important for students to share their accommodation letter with their instructor and discuss their access needs, in the first two weeks of classes.

Course Evaluation

Students are expected to provide professional and respectful feedback on the quality of instruction in this course by completing course evaluations online via GatorEvals. Guidance on how to give feedback in a professional and respectful manner is available at <u>https://gatorevals.aa.ufl.edu/students/</u>. Students will be notified when the evaluation period opens, and can complete evaluations through the email they receive from GatorEvals, in their

Fluid Mechanics I, EGM 6812 Mohseni Fall 2023 Canvas course menu under GatorEvals, or via <u>https://ufl.bluera.com/ufl/</u>. Summaries of course evaluation results are available to students at <u>https://gatorevals.aa.ufl.edu/public-results/</u>.

In-Class Recording

Students are allowed to record video or audio of class lectures. However, the purposes for which these recordings may be used are strictly controlled. The only allowable purposes are (1) for personal educational use, (2) in connection with a complaint to the university, or (3) as evidence in, or in preparation for, a criminal or civil proceeding. All other purposes are prohibited. Specifically, students may not publish recorded lectures without the written consent of the instructor.

A "class lecture" is an educational presentation intended to inform or teach enrolled students about a particular subject, including any instructor-led discussions that form part of the presentation, and delivered by any instructor hired or appointed by the University, or by a guest instructor, as part of a University of Florida course. A class lecture does not include lab sessions, student presentations, clinical presentations such as patient history, academic exercises involving solely student participation, assessments (quizzes, tests, exams), field trips, private conversations between students in the class or between a student and the faculty or lecturer during a class session.

Publication without permission of the instructor is prohibited. To "publish" means to share, transmit, circulate, distribute, or provide access to a recording, regardless of format or medium, to another person (or persons), including but not limited to another student within the same class section. Additionally, a recording, or transcript of a recording, is considered published if it is posted on or uploaded to, in whole or in part, any media platform, including but not limited to social media, book, magazine, newspaper, leaflet, or third party note/tutoring services. A student who publishes a recording without written consent may be subject to a civil cause of action instituted by a person injured by the publication and/or discipline under UF Regulation 4.040 Student Honor Code and Student Conduct Code.

University Honesty Policy

UF students are bound by The Honor Pledge which states, "We, the members of the University of Florida community, pledge to hold ourselves and our peers to the highest standards of honor and integrity by abiding by the Honor Code. On all work submitted for credit by students at the University of Florida, the following pledge is either required or implied: "On my honor, I have neither given nor received unauthorized aid in doing this assignment." The Honor Code (<u>https://sccr.dso.ufl.edu/process/student-conduct-code/</u>) specifies a number of behaviors that are in violation of this code and the possible sanctions. Furthermore, you are obligated to report any condition that facilitates academic misconduct to appropriate personnel. If you have any questions or concerns, please consult with the instructor or TAs in this class.

Commitment to a Safe and Inclusive Learning Environment

The Herbert Wertheim College of Engineering values varied perspectives and lived experiences within our community and is committed to supporting the University's core values, including the elimination of discrimination. It is expected that every person in this class will treat one another with dignity and respect regardless of race, creed, color, religion, age, disability, sex, sexual orientation, gender identity and expression, marital status, national origin, political opinions or affiliations, genetic information, and veteran status.

If you feel like your performance in class is being impacted by discrimination or harassment of any kind, please contact your instructor or any of the following:

- Your academic advisor or Graduate Program Coordinator
- HWCOE Human Resources, 352-392-0904, student-support-hr@eng.ufl.edu
- Curtis Taylor, Associate Dean of Student Affairs, 352-392-2177, taylor@eng.ufl.edu
- Toshikazu Nishida, Associate Dean of Academic Affairs, 352-392-0943, nishida@eng.ufl.edu

Software Use

All faculty, staff, and students of the University are required and expected to obey the laws and legal agreements governing software use. Failure to do so can lead to monetary damages and/or criminal penalties for the individual violator. Because such violations are also against University policies and rules, disciplinary action will be taken as appropriate. We, the members of the University of Florida community, pledge to uphold ourselves and our peers to the highest standards of honesty and integrity.

Student Privacy

There are federal laws protecting your privacy with regards to grades earned in courses and on individual assignments. For more information, please see: <u>https://registrar.ufl.edu/ferpa.html</u>

Campus Resources:

Health and Wellness

U Matter, We Care:

Your well-being is important to the University of Florida. The U Matter, We Care initiative is committed to creating a culture of care on our campus by encouraging members of our community to look out for one another and to reach out for help if a member of our community is in need. If you or a friend is in distress, please contact <u>umatter@ufl.edu</u> so that the U Matter, We Care Team can reach out to the student in distress. A nighttime and weekend crisis counselor is available by phone at 352-392-1575. The U Matter, We Care Team can help connect students to the many other helping resources available including, but not limited to, Victim Advocates, Housing staff, and the Counseling and Wellness Center. Please remember that asking for help is a sign of strength. In case of emergency, call 9-1-1.

Counseling and Wellness Center: <u>https://counseling.ufl.edu</u>, and 392-1575; and the University Police Department: 392-1111 or 9-1-1 for emergencies.

Sexual Discrimination, Harassment, Assault, or Violence

If you or a friend has been subjected to sexual discrimination, sexual harassment, sexual assault, or violence contact the Office of Title IX Compliance, located at Yon Hall Room 427, 1908 Stadium Road, (352) 273-1094, title-ix@ufl.edu

Sexual Assault Recovery Services (SARS)

Student Health Care Center, 392-1161.

University Police Department at 392-1111 (or 9-1-1 for emergencies), or http://www.police.ufl.edu/.
